

Tradition in a modern way

Joro is a [sauna](#) filled with Finnish sauna traditions. The robust pine panelling inside and out combined with topclass softline interior form an unresistable combination.

The roof elements of Joro are partly decorated with original wooden shingles highlighting the Finnish origin of the Joro-sauna. In addition to the lightful modern softline interior of the sauna, the windows and extra wide glass door without threshold make it easy for everybody to enter into the Joro and enjoy its warmth.

If you prefer to hide you away from the rest of the world, you just close the shutters and fly in your thoughts to the Finnish past. Joro – a sauna which you only can find in the Lagerholm saunacollection!
